I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Please do not limit the number of prescriptions that can be shipped out of state by compounding pharmacies. I have finally found in them the perfect solution to my menopausal problems. The individual attention that these pharmacies offer is highly superior to having to depend on the standard patented products offered by larger pharmaceuticals whose drugs often have debilitating side effects.

Believe me, I know first hand about these!
